Treasurer's report: Account balances at the end of July-

Checking- \$3354.33

Savings- \$6115.32

Buffalo- \$5932.74

Ken moved to accept the report. Second by Jack. Motion carried.

Buffalo Trail: Our agreement with the state will be re-worked in February to include reimbursement from the state for trail maintenance. We cannot groom the new part of the trail for two years because the state wants to see how well it holds up. Any bridge or trail signs that need replaced needs to be written down and sent to Brad. We need volunteers to do this. The application for the Polaris grant is done, the Yamaha grant application should be done mid-September. We have been approved to do dust control where needed but that expense would need to be covered out of pocket.

Some members attended the weekend away. This year we rode north of Weyerhaeuser. Most members rode from Osseo to Weyerhaeuser on Friday, others trailed up on Friday. The trails were beautiful.

Chris moved to adjourn. Second by Fred. Motion carried.
